

Investment idea:

“We make money on Walt Disney shares in anticipation of the premiere of the decade”

Walt Disney - is one of the largest conglomerates of the entertainment industry in the world.

The company was founded on October 16, 1923 by the brothers **Walter and Roy Disney** as a small animation studio, currently one of the largest Hollywood studios, the owner of 11 amusement parks and two water parks, as well as several television and radio networks, including the American Broadcasting Company ABC.

Reasons for buying shares of the company:

1. The first **MARVEL** movie came out on screens in 2008 and was called **“Iron Man”**. The picture with a budget of \$ 140 million brought \$ 585 million, paying off more than three times. **At the end of December 2009, Walt Disney bought MARVEL**, thereby ensuring the company’s shares a significant and continued growth. To date, the value of Walt Disney shares is more than three times the value of the end of 2009.

2. From 2008 to March 2018, 18 «MARVEL» films appeared on the screens. **Total box office fees were \$ 14.719 billion**, with a budget of \$ 3.26 billion, while the first two parts of the films about the Avengers are record holders at the box office and brought about \$ 3 billion.

3. This year the most anticipated «MARVEL» films will be the third part **“Avengers”**, which premier in the US scheduled for April 25, while ticket sales for the premiere in the United States started on March 18. In just six hours

the total sales amounted to about \$ 200 million. To date, from «Avengers 3. War of Infinity» can be safely expected box office in the amount of 2 billion, which will provide significant support to the shares of Walt Disney.

The essence of the idea: Purchase of shares of Walt Disney!

We are buying shares of the company «Walt Disney», in anticipation of the premiere of the 10th anniversary - «Avengers 3. War of Infinity», which can bring a record amount! According to the technical analysis, the price of the company's shares on the weekly chart is moving in the flat range, approaching a significant level of support, from which one should expect a reversal of the short-term trend.

With a purchase volume of shares in the amount of 10 lots, the expected profit will be 18-30% of the deposit, with risks of 6-8%.

Recommended date of connection is
from 2 to 4 April 2018.

The trade idea is
valid until May 4, 2018.

The recommended amount for start is \$ 25,000.

The potential profit is \$ 4,500 to \$ 7,500.

How to start trading CFD contracts with the broker from Ester Holdings Inc.

For all customers, you first need to open an appropriate account, which will enable you to trade with CFD contracts. To do this, go to your account on the company's website, go to the «My Accounts» section and select «Open Account» tab. In the window that appears, select the account type «forex-crypto-cfd», enter the password from 6 to 12 characters below and click the «add» button.

After that, in the tab of the list of accounts, you will find your new account of the appropriate type, which can only be replenished and then you can get started.

All the necessary passwords for working with the account will be sent to your email, which was specified when registering a personal account. A letter to e-mail is more likely to come to the «spam» folder, so do not forget to check it out so that you can start trading as soon as possible.
