

The investment idea: **“Aerospace Corporation brings a cosmic income”**
is closing due meeting the goal!

The main issue is to connect to the idea on the return to growth!

The recommended start amount is \$ 10,000.

Profit - from 300% to 400% of the lot size.

The period of work of the idea

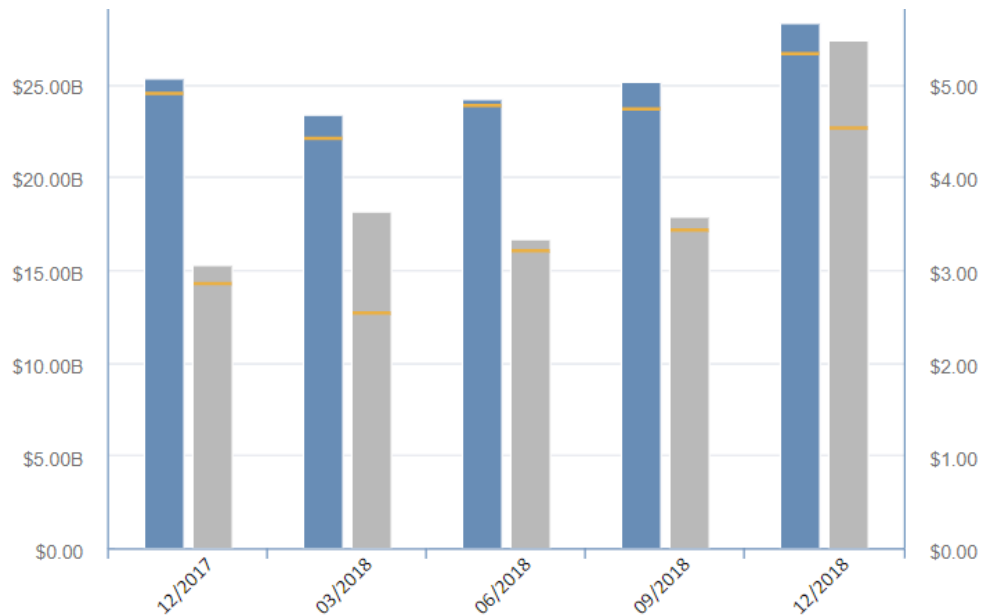

is from February 1 to March 15, 2019.

The investment idea [“Aerospace Corporation brings a cosmic income!”](#) met all the expectations. As a result, both goals were achieved.

The development of this investment idea was accelerated due to the general growth of stock indices on easing the tension in the US-China trading confrontation.

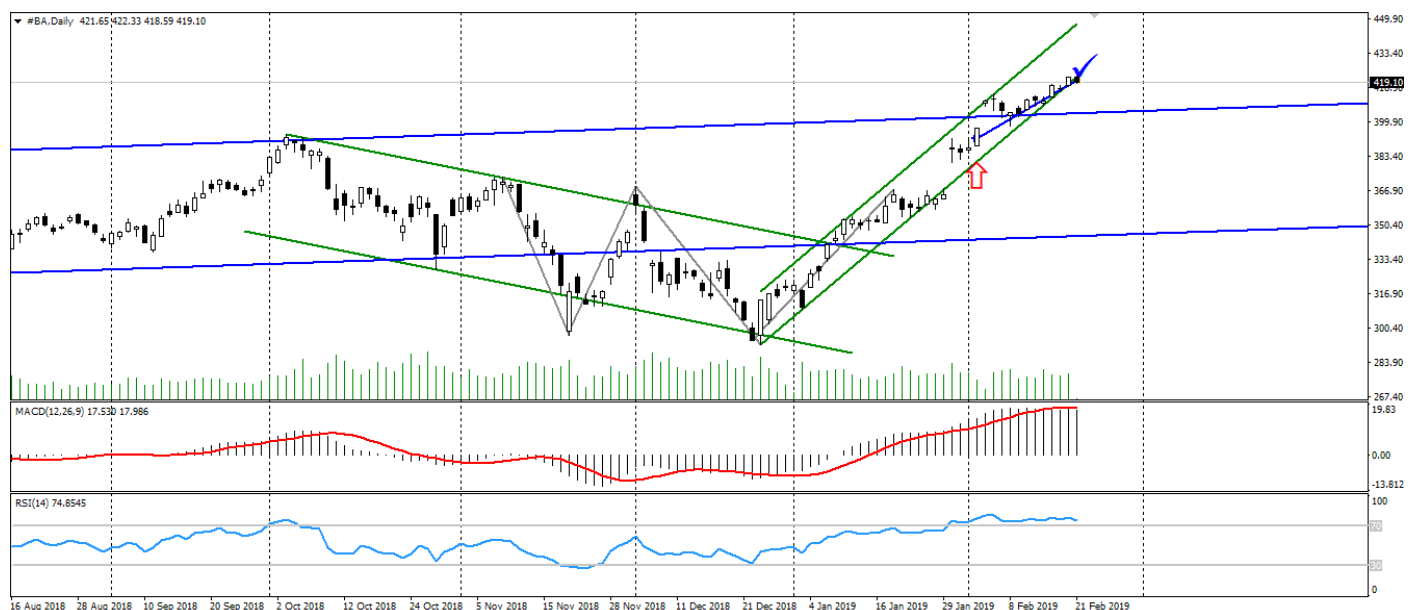

We should also mention the very optimistic quarterly report of The Boeing Company. Which also gave an acceleration in working out this investment idea.

The Boeing Company profitability chart. Blue column - income, gray column - EPS, orange line - forecast

In addition to achieving the main goals, the reason for the closure of long positions on Boeing shares was their significant overbought and updating of historical highs.

The Boeing Company shares chart

A scandal with government orders can also serve as the reason for the correction of these shares.

As a result, the investment idea "Aerospace Corporation brings space income!" is closing prematurely. With an actual profit of \$ 13,750 for 11 working days.
