

The results of the investment idea:
**«Shares of The Walt Disney Company
keep upward trend»**

The essence of the idea - The purchase of shares
of The Walt Disney Company in February 2018
The recommended amount for start is \$ 10,000.
Profit - from 200% to 400% of the lot size.
The idea is valid through February 5 to March 2,
2018.

Expectations for the January investment idea «The Walt Disney Promotions Company maintain an upward trend» suffered significant changes in the the course of trade, which was caused by the general collapse of stock exchanges. As a result, the alternative forecast for reduction was realized.

Considering the end of the investment idea's period and the partial development of the motion model, this investment idea is considered over. Walt Disney shares actually moved to flat, which adds some uncertainty.

The actual net profit of the February investment idea was 340 points to the open lot in 12 trading days.
