

The results of the investment idea:
**“Where else if not on the banking sector!
Earn with an investment idea
from an Ester company’s expert!”**

The main issue is to sell the Citigroup shares.
The recommended start amount is \$ 10,000.
Profit - from 200% to 400% of the lot size.
The period of work of the idea
is from 3 to 30 of June, 2019.

Investment idea [“Where else if not on the banking sector! Earn with an investment idea from an Ester company’s expert”](#) did not get a start to working out. This investment idea did not receive actual support in the form of the development of a downtrend, despite all the factors indicating a decline in shares of Citigroup. As a result, the investment idea is closed, and not starting the development.

Citigroup shares chart

Citigroup shares returned to annual highs, reinforcing overbought and maintaining the potential for decline. Also it is worth to note keeping the general downtrend. This investment idea ceases to exist without receiving a signal to work out.
